

MISSOURI DEPARTMENT of CONSERVATION 2017 TOTAL SOLAR ECLIPSE VIEWING SITES

The Missouri Department of Conservation is proud to provide this list of Conservation Areas for viewing the 2017 Total Solar Eclipse event on 21 August 2017.

The exact timing of the eclipse event will vary depending on where in the state a viewer is located. Please refer to NASA or a similar authority to better determine the best times for viewing the eclipse event.

The Missouri Department of Conservation invites all eclipse viewers to enjoy the natural beauty of Missouri while they visit our state for this once-in-a-lifetime event. Please visit the MDC's website - <https://mdc.mo.gov/> - for more information and regulations about each of these Conservation Areas.
