- MO 2020 Rural Health Clinics
- MO 2020 Sales Tax Jurisdiction Boundaries
- MO 2020 Emergency Reference Markers
- MO 2020 Missouri Rest Areas
- MO 2020 MoDOT Commuter Lots
- MO 2020 MoDOT Roads Arcs
- MO 2020 MoDOT Roads Routes
- MO 2020 Licensed Pharmacies

## MSDIS General News
As the state's geospatial data clearinghouse, MSDIS is committed to making data available to all GIS users, regardless of the technology they have to work with. Owing to a noticeable increase in help requests from users who do not have access to ESRI products, we have begun the process of converting each of our Missouri County LiDAR mosaics to TIFF files. The Geodatabase versions of each mosaic will still be available, and the Geodatabase and TIFF version of each county file will be kept as separate downloads, but the TIFF version should be compatible with open source GIS products such as QGIS.

In order to give them plenty of time to work on their final exams and projects, the MSDIS interns were officially released from further responsibility after the Thanksgiving break. We want to thank all of the, - Abby, Harry, Jefferson, and Kadie – for their hard work this semester. We are still working to put the finishing touches on some of the projects they worked on before final publishing, but their help has been invaluable. As of right now, we expect at least two new students to join Abby, Harry, and Jefferson next semester. Kadie will be ineligible to return as she took all three credits of the internship this semester.

## MSDIS Downtime
No outages were reported during November 2020.
