MSDIS General News

Over the past several months, MSDIS has become involved with several University of Missouri-related projects. We mentioned several months ago that we had been invited to participate in Dr Tracy Greever-Rice's Healthcare Workforce Project to help produce story maps. The first of these applications, a look at the number of Missouri nurses who are reaching retirement age, is in the final development stages and will (hopefully) be released soon.

Unrelated to the above, we need to announce a change in leadership. Dr Soren Larsen, who very successfully steered both the Mizzou Dept of Geography and MSDIS through a literal history-making pandemic, has stepped down as department chair. Dr Larson has been a dedicated ally to MSDIS and we are sincerely grateful for all of his hard work. Dr Mike Urban has agreed to take on the role of interim department chair and we look forward to working with him once again.
