

# MSDIS Update – August 2022

## Updated Data

- MO Primary Care Providers (new dataset)
- MO WIC Satellite Offices
- MO Dialysis Centers
- MO Rural Health Clinics
- MO Adult Daycare
- MO Ambulatory Surgical Centers
- MO Long Term Care Facilities
- MO Local Public Health Agencies
- MO Hospitals
- MO Sales Tax Boundaries
- MO Local Public Health Agency Districts

## MSDIS General News

Please join us in welcoming Morgan Hurt to Team MSDIS. Morgan comes to us from the Mizzou Dept of Geography and will be serving as our MSDIS Intern this semester. We've already had the distinct pleasure of working with her when we taught GEOG 1800 last year and we are very excited to unleash her talent for design onto the clearinghouse.

As promised, we have also made the link to our new Image server available in a recent post on the MSDIS and MGISAC listservs. You can access the new virtual machine here: <https://msdis-imagery.umad.umsystem.edu/arcgis/rest/services> We invite all of our GIS colleagues to begin testing the server in the same way that they already put the existing MSDIS Image server to use.

## MSDIS Downtime

No outages were reported during August 2022, though we did receive a single email about difficulty accessing the NAIP 2020 imagery. On testing the service ourselves, we were unable to replicate any difficulties. Further investigation of the problem seemed to indicate that the issue was related to the client-side network. It is also worth noting that we received no other reports of problems during the same period.

## MSDIS August 2022 Server Stats
