MSDIS General News

It was really, really great to see everyone in person at the Missouri GIS Conference. While we enjoy our monthly meetings, there is nothing quite like joining all of you in-person.

As for MSDIS operations, we are please to announce that, in addition to Award Winning MSDIS Intern Morgan Hurt, we will also be joined by Geography Undergraduate Joshua Stender. Joshua was an active participant in GEOG 1800 this year and we look forward to unleashing his talents onto the clearinghouse.

We also continue to work with our friends at the Next Gen 911 Board to secure funding for the storage and distribution of the upcoming Northern Missouri aerial photo collection.

MSDIS Downtime

No outages were reported during April 2023.

MSDIS April 2023 Server Stats

In the interest of reporting some measure of usage, we are looking into pulling the service stats directly from the Server Manager interface. We appreciate your continued patience,
